The Otsego Economic Alliance is updating their local court house lawn after being given a grant for \$20,000.

The Consumers Energy Foundation presented the check to the Otsego County Economic Alliance today on the court house lawn where those updates will be.

The grant will go towards funding an outdoor space, The Consumers Energy Cafe.

With the court house right downtown, they expect to see a lot of traffic.

The Economic Alliance says this will be great for the community.

"It will be a big benefit to downtown, bring more people downtown, give them a reason to stay," Otsego County administrator John Burt said.

"Hopefully, that will translate to more visitors coming to downtown businesses."

Construction of the cafe is slated to begin in the next couple of weeks.
